it may be observed that it will be much easier to enforce the liability if the association as a body undertakes it. The guarantee of individual members does not appear to be sufficient for the Durban to undertake the ultimate financial responsibility as they might dispose of their estates at any time and leave the place without giving any notice to Govt, in which event the Durban will not be in a position to enforce the payment of the guarantee.

30 A provision is necessary for recovery of the amount, in case of default, as an arrear of land revenue under the L.R. Code. It has, I believe, been the practice to enter this clause in the case of such agreements, but it is wanting in the draft prepared by the Govt. Advr.

Let me see the file in which this aspect of the case has, I remember, been visited

33 The insertion of a clause as noted above is very necessary. The file (with the up^{rs} file re Maddagiri) may be returned to the Govt. Advocate for revising the form suitably. It is also a question whether the form drafted by the Govt. Advocate is not needlessly elaborate, and whether it can not be made simpler. Hitherto the Telegraph authorities and the Govt Treasury Officers who accept the financial responsibility have been satisfied with a very simple form of agreement in the vernacular, as in the files put up. Some such form if adopted in Engl^h would be quite sufficient, I think.

Letter No. 660/30, dated the 3rd November 1911, from the Director of Telegraphs, Madras Circle, to the Resident in Mysore

&&&&&&&&&&&&&&&&&&&&&

I have the honour to inform you that at the instance of the North Mysore Planters' Association, Kalasa in the Mysore State, who apparently are prepared to give a guarantee, a proposal has been made for introducing a telegraph branch to the post office at Kalasa.

2. The Director General of Telegraphs has quoted a guarantee of Rs.495/- per annum subject to revision when the actual cost is known for a minimum period of five years or for such longer period as may be considered necessary thereafter by him for the proposed loop of the telegraph branch to Kalasa with an office at Kalasa. In other words the guarantors would have to make good to the Government Telegraph Department the difference between one half of the Indian Government share of the receipts (if less than Rs.990/-) on account of messages booked at the combined office at Kalasa and Rs.495 payment on the guarantee owing to losses on a year's work being reduced to the extent of any credit to Government which may have accrued on the working of the previous years.

3. If the North Mysore Planters' Association agree to the terms mentioned above, they should obtain, as is usual in such cases, the acceptance of the Mysore Durbar to the financial responsibility for the guarantee, and when this acceptance is communicated to this office by you, accompanied by a copy of the Mysore Durbar letter, the sanction of the Government of India will be applied for.

The

(32)

The Kalasa residents who have guaranteed Rs 200/- per annum, will only do so for 5 years. I think the terms of the agreement are very unjust, for instance clause (1) That the Guarantors shall jointly & severally make good the difference × × × Then in clause (3) " × × × for a period of 5 years from the date hereof, or for such longer time as the Director General of Telegraphs in India may fix." This will be very hard on the Kalasa residents. We all feel the need of a telegraph office, and the Merchants etc of Kalasa have agreed to pay 200/- a year for 5 years, a sum they can ill afford. I hope you will do your best to help us in this matter.
